

Finding Common Ground June, 2022

UP FRONT

WHOO-HOO! This [full-page ad](#) is on the first page of *June's Communities Magazine!* It's taken a lot of thought and energy from many people over this past year to distill a message that reflects the essence of our vision and mission. Ren & Lisa tirelessly led the way, gathering ideas from members such as Quai, Stephanie, Ellen, & others. Becky, Katy, Anthony, and Bailey worked with consultant Sami Grover to craft this copy (and much more), and Bailey created the final design. If you see yourself in this picture, join in as we together build what comes next!

Update on Housing Reservations: We now have 41 Living Units spoken for by 56 adults and 13 children. If you are planning (or even thinking about) someday calling CGEV your home, **now is the time** to get your housing reservation (and reimbursable deposit of \$500) sent in ASAP! We have begun a waiting list for members who wish to be part of the community but will not be ready for the first wave of move-ins (anticipated date: early 2024). As soon as we hit the magic number of 47 Living Units reserved, we will be adding names to the waiting list. **Don't be left behind.** Now is the time to get your reservation in!! Contact Paul with questions: voss@hawkweed.net. [Click here](#) for the Reservation Agreement and [click here](#) for the FAQ.

Confidentiality and Transparency: May's Last Saturday event on these topics was cancelled due to illness. But here's a great next step: let's create a small, short-term task group to dig into these issues as they concern guided conflict resolution processes and see how varying interests might be met. If you can commit to two sessions (most likely one in June and one in July), please RSVP to [Theresa](#) with C/T in the subject line and we'll find a time that works for (hopefully) all who are interested.

Juneteenth, June 18-19: There are a variety of local celebrations planned on these dates. It would be lovely for members to go together or meet up at one or more of these events. We will send out information about the options and coordinate details closer to the dates. Questions or ideas? Contact [Lisa](#).

Circle training in Sociocracy continues in June with **new classes starting in August**. This is an 8-hour training to provide a grounding in the governance method used at CGEV and costs only \$20-25 per person for the **entire training**. Contact [Becky](#) to register for August classes.

Planning & Development: Good news about the health of our “signature” trees! Some years ago, a forester examined them and told us that they were near the end of their lifecycle. This news has partly influenced our site planning. But in May, Jeffry and the Land Stewardship Circle asked an arborist (Guy Meilleur) to give us a second opinion on the oak, walnut, and pecan trees near pavilion. **We were thrilled to learn that our old trees, and specifically the “Grandmother Oak,” are healthy and should have long lives ahead of them.** This will require reorienting and perhaps somewhat redesigning the Common House, but this is the right time for it, and certainly the right reason! Yay!

♦ P&D continues to manage the architectural and engineering design process. With our architect Jonathan Lucas and other consultants, we are preparing plans to accommodate our preferred construction materials and techniques to both maximize the benefits we see and reassure our bankers and builders. ♦ On the engineering side, many details are falling into place, such as plans for roads and pathways, the connection to Frazier Road, and possible pond renovation, along with the slow and detailed work of securing permits and filing with regulators (mostly done by our engineers). ♦ In the meantime, our loan application process continues to proceed, but slowly. Our support team at Centennial Mortgage (our actual lender) is working hard and skillfully to resolve various issues so that we can move

Membership Circle: We held a bustling Open House/Potluck with a ceremony honoring Kathleen, Gonzalo, Becky and Theresa who have all advanced in membership. Six new people became Visiting Members and we've fine-tuned our **improved membership process** (the role-out will be soon!). ♦ We continue to foster connection between members, and our events are becoming more child friendly with fun activities. ♦ We are knee deep in creating opportunities to help the community increase awareness, make policies and learn new skills to get along with each other in a variety of areas: racial awareness, leadership and power dynamics, the dance between confidentiality and transparency in conflict processes, and attitudes about vaccinations status, to name a few. ♦ **The Membership Circle needs people** to further this vital and exciting work. Please pitch in with whatever time and skills you have to offer. We are specifically in need of a Co-Buddy Manager and a Circle Administrator for the HeartWeavers Subcircle.

TALES OF CGEV— in the voices of those who led the way

Membership Circle

Saturday, June 11, 3:30-5pm, followed by a Community Potluck (see below)

No RSVP—just show up! Kid friendly.

Land Stewardship: Ours is the largest of the CGEV Circles. While this is wonderful, it's become unwieldy to manage so many members, from finding times when folks can make meetings to keeping tabs on all that's on our plate and figuring out how to best collaborate both within the circle and with the broader community. And 112 acres of land is a LOT to wrap our arms around (farming and forest and Pond—oh my!) As we have explored this situation, broad support for the concept of creating farm- and forest-focused groups has emerged, with some details still to be figured out about how to best make it flow within our governance structure.

Long-time members will reminisce and paint a picture how CGEV came to be who, what, where we are. This is your chance to hear stories, ask questions (from the silly to the serious), and get to know a bit of history from the mouths of some "community elders." Continue the conversation at the Community Potluck.
