GPS should get you close. If arriving from the south on Frazier Rd., our driveway is on the right, about 100 ft. past the mailbox for 1021 Frazier. On each side of the entry we have a wooden post with red reflectors. (On workdays or other major events on the land, we'll have a banner marking the turn as well.) Drive past the house on the right after about 200 feet, through the red gate, and then just keep going!
