

Finding Common Ground December, 2021

Up Front

We reach the closing weeks of 2021 on a very high note, indeed. After almost a year of regular conversations with a highly experienced loan originator, we have received a strong vote of confidence: PROCEED! And that we are! Get the details in the Planning & Development Circle News section. **In fact, we hope you will read the whole issue.** After years of careful planning and growth, our village will be rising soon thanks to the stellar talents and contributions from members like you.

Read on...there's **★ a spectacular offer ★** from the Marketing & Promotion Circle to inspire members to send in bios & photos for the website members page. You can connect with the land on December 4th at the Open House, followed by a Care & Feeding event on the land.

In this season of deepening darkness, we invite you to come warm your hands, ignite your heart, and weave your singular strands into the glowing matrix that is Common Ground Ecovillage. You are so very welcome.

These luminous chandeliers, thickly woven with grapevines and strings of light, are now swinging from the barn rafters. Thanks to all who helped to craft these beautiful beacons: Paul, Margret, Lisa, Kathleen, Anthony, Doug, Ruth, Amy, Lara, Jeffry, Nell, Kim, Bob, and Hope.

CIRCLE NEWS

Marketing & Promotion: We're updating the "Who is Involved" page on the website. Why? Because new folks want to get a sense of the people who are already in this community. That means **YOU**. If you are an active Exploratory member or above and you haven't yet sent your bio and photo to [Lara Struckman](#), here is **★ a spectacular offer★** to encourage you to **ACT**. **If you send your stuff to Lara by December 31, 2021, you will receive a seated neck & scalp massage, OR a shoulder & arm massage, OR your choice of homemade cookies from Kathleen Biernat!** Kathleen is an extraordinary massage professional with 16 years of experience. And all YOU have to do is send in a bio and photo! Still hesitating? Then please contact [Ren](#) and let her know what's holding you back.

♦ We are busy **shepherding four central projects:** developing our Marketing Plan, finalizing our general messaging, producing the new overview video for our website home page (which is coming along nicely), and supporting other Circles in updating their areas of the website.

♦ A brainstorming session is in the works to help us form the **best possible marketing strategy** to stay on track with the new loan timeline. So, if you would like to participate, please contact [Ren](#) ASAP so we can include you in the invitation. Visiting members are welcome. Soon after this meeting there will be many offerings of ways to help us achieve our collective goals!

Planning & Development Circle: Geez, what *isn't* happening? On November 16, Paul mailed a formal

Letter of Engagement with Centennial Mortgage, Inc. (CMI). An underwriting team at CMI has been assembled. Katy and Paul of P&D (but, of course, proudly representing the CGEV community) have met

with this team and have set up regular upcoming weekly meetings with them. We have paid the Engagement Fee to CMI (\$5,000), and we have engaged the services of a market analysis firm (another \$6,600) to carry out an Initial Market Assessment (a HUD requirement addressing the question: "Are there enough people really interested in this kind of community for the CGEV dream to succeed?"). And we have completed a **draft Reservation Agreement** in which CGEV members will

Planning for the **Common House** has resumed with some significant changes to the current schematic design in the works. ♦ **Detailed site engineering** is also underway: soils testing for our own roadway, subsurface water flow testing, and beginning village layout planning. Lots happening!!

LOOKING AHEAD

SOCIOCRACY—EMPOWERED LEARNING CIRCLES

Governance & Training Circle

Good governance is the backbone of any community, affecting our relationships with each other and guiding how we get our work done. Since 2013, CGEV has been implementing the Sociocracy system of governance as one way to cultivate an effective and cooperative culture. **Governance training is required for all members**, yet our training program to-date has fallen short in helping members truly understand, and skillfully apply, this rich system.

Governance & Training Circle (G&T) members will be contacting all CGEV members to invite them into a 4-part training offered by [Sociocracy for All](#) called Empowered Learning Circles. (For a preview, [click here](#)) Groups of up to 8 members can arrange their own meeting schedule, and G&T members will help with any questions that arise. There will be a small donation requested to defray the \$250 cost/group.

Eight hours of training may seem a lot to ask, but when you consider the cost in time, energy, and effectiveness through confusion, lack of clarity, missteps, and resistance, it's an excellent investment! G&T looks forward to shepherding this experience with you. For more information, contact [Hope](#).
